

St Mary's Olveston Eco Church Questionnaire

COP 20 in Brazil from 11-22 November 2025 reminds us of the urgent need for action to combat Climate Change in our stewardship of God's Creation.

GreenForce invites you to update us of your own thinking and actions to minimise your carbon footprint by completing this Questionnaire.

In our Homes and Gardens	Comment
What steps have you taken to save or create energy? Do you have plans to do more?	
Do you recycle and reuse all you can?	
Are you aware of the Repair Cafe held regularly at St Helen's to "refresh" goods needing repair?	
A year long range of flowers are vital for bees and insects. They are key for pollination and the food chain. Do you plan your plantings for this?	
Do you buy Fair Trade or sustainable food as much as you can?	
Do you consider the source of materials and the environmental footprint of what you buy?	
Have you recently assessed your carbon footprint by using www.footprint.wwf.org or similar?	
Do you limit your driving and air travel?	

Church and Community	Comment
Do you welcome the inclusion of environmental issues in the Intercessions on Sundays?	
Do you use the Milk Bottle Top recycling bin at Church?	
Do you read the GreenForce articles in Meeting Point ?	
Olveston Parish Council introduced their Local Climate and Nature Action Plan at Spring into Action on 29 March. Did you (a) visit this event and (b) express follow-up interest in any of the activities	
What overseas projects should we support to help mitigate the effects of climate change?	
Are there any activities which St Mary's should adopt or discontinue to better care for God's Creation?	

All comments or suggestions are welcomed – either on the reverse of this or a letter

Name of church member completing the form [optional] _____

Please return this questionnaire to the Churchwardens. There is an envelope to receive them in the welcome area.

Thank you very much for your support.
